NO LONGER DREAMS

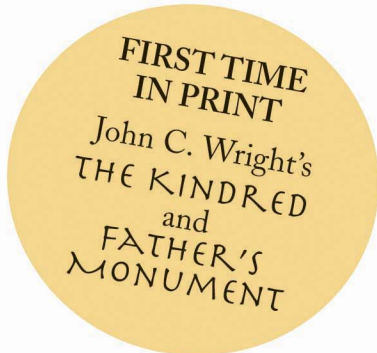

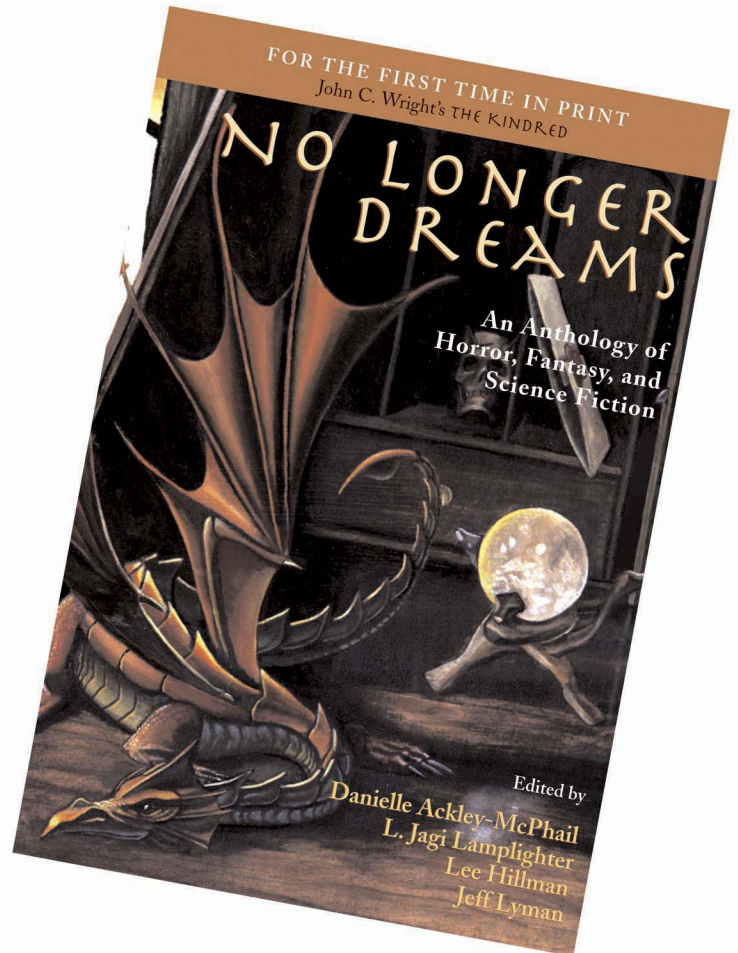

An Anthology of Horror, Fantasy, and Science Fiction

Edited by
Danielle Ackley-McPhail, L. Jagi Lamplighter,
Lee Hillman, and Jeff Lyman

Only in the presence of light is the depth of the shadows revealed. In this upcoming anthology from Lite Circle Books, both extremes are intimately explored. From the macabre to the wonderful, *No Longer Dreams* offers rich fare from both established authors in the field and talents newly discovered.

Learn what it is to become more than you were destined to be in John C. Wright's *The Kindred*. Explore the mind-boggling concept of a jewish vampiress in Darrell Schweitzer's *Kvetchula*. Discover that monsters can appear quite normal in both James Chamber's *Law of the Kuzzi* and Tee Morris's *Reality Check*. Feel the chill invade your blood as you come to suspect the truth of Mike McPhail's sci-fi thriller, *The Chimera*. With such a wide variety of stories and poetry on offer, there is something in this book for every fan of the genres.

Across new worlds and old, we find humanity and horrors both in the most unsuspected place, each masterfully portrayed in this wonderful new collection.
